

FOUNDER'S NOTE

Greetings to all our Valued Stakeholders!!

"The woods are lovely, dark and deep. But I have promises to keep, and miles to go before I sleep", this very famous quote rings in my ears as I pen down my feelings & gratitude for this month.

Another impactful, eventful and learning enriched month for us all at Purnkuti. From sharing the stage with **50 passionate remarkable Founders** at the **historic 1st National Changemakers meet**, to hosting a Foundation day celebration by adding meaning & purpose to the special occasion, to adding more school partners for our **SPARKLE Manosakha project**, to commencing our **2 year Accelerator program with ATMA** which would greatly assist us in overall capacity building, to finalizing a new better equipped space for our Budhwar Peth centre that shall enable us serving our communities there in a better way; it truly has been a month offering diverse experiences and made comforting with the ardent love, support and assist that we continue receiving from you all.

This festive season, I wish that the Lamp, we light reminds us to keep our inner light burning, Hymns we recite remind us to nurture gratitude, Celebrations remind us to find strength not in possessions but in purpose. Festivals are not just about rituals, decorations or cultural nostalgia. They are living metaphors, offering us insights into how to live with Wisdom & Joy. They carry a powerful message: victory of Clarity over Confusion, Resilience over Weakness, Light over Darkness.

You shall also find mentioned in this Newsletter our every specially designed **"Festival Hamper"**, that includes a very thoughtful collection of handcrafted & exclusively curated festive products that make an ideal gifting option this festive season. All of these items have been manufactured by our Beneficiaries from our **Project Dhara Production Unit**.

To conclude, as we step into this season of Celebrations, my wish is that we all look beyond the surface, dig deeper into ourselves, pause, reflect and remind ourselves: The light within me already exists, I just need to remove what hides it.

We remain forever Grateful,

Sneha Bharti
Founder.

**“1ST NATIONAL CHANGEMAKERS MEET” 2025,
AT BANAS DAIRY, SANADAR**

This event brought together 51 exceptional Changemakers from 27 states and union territories across India to celebrate and amplify the work of grassroots heroes who are driving positive transformation nationwide. The attending Founders came from varied segments, including Individuals, NGOs, Corporates, Government, Social Sector Startups, Impact Verticals and more thus fostering collaboration, learning, and momentum.

The four-day meet was graced by distinguished dignitaries, including Shri Shankar Chaudhary, Speaker of the Gujarat Legislative Assembly and Chairman of Banas Dairy; Dr. Ram Madhav, President of the India Foundation; and Shri M. Nagarajan (IAS), Vice-Chairman of the Gujarat State Transport Corporation.

Dr. Jigar Inamdar, Convener of The National Changemakers Meet, echoed the Vision & Purpose of the meet by stating, “This unique gathering at Banas Dairy has united 51 heroes of Bharat, individuals who transform ideas into impactful solutions for even the most complex challenges. The discussions covered a wide range of critical issues, including Education, Human Trafficking, HIV/AIDS, Drug De-addiction, Skill Development, Cybersecurity, Sustainability, Waste Management, Unclaimed Deposits, Startups, and many more. Our goal was to build a cohesive network of changemakers across India, creating a plug-and-play model where they can easily collaborate and work together.”

It was a truly humbling and enlightening experience for me, as one of the attending Founders, to have been a part of this momentous event and gain valuable insights from the interactions had with the Founders coming from varying backgrounds & rallying for various causes; all united with a common thread....*Creating Socio – Economic equality and a Better, Secure, Sustainable future.*

Excerpts from Sneha Bharti who was 1 of the 51 selected Changemakers for the event.

COMMENCING OUR 2 YEAR ACCELERATOR PROGRAM WITH ATMA

A T M A

AN ACCELERATOR FOR NGOS

This Accelerator program is focused on achieving efficient Organizational development to boost capacity and propel our growth in the social sector.

Over the next 2 years, we would be actively participating in Tailored workshops provided across various domains, such as Capacity Diagnostic, Strategy Planning, Logic Model, Leadership, and Fundraising, aligning with our organization's specific needs.

WELCOME ON-BOARD

Adding more Sparks to our Project Sparkle!!!
