FOUNDER'S NOTE

Dear Purnkuti Family,

"Empowerment is not just about creating opportunities—it is about building confidence, nurturing potential, and enabling individuals to shape their own futures."

May has been a month of learning, growth, and strengthening our impact across communities. Through **Project Manosakha**, we continued our commitment to holistic child development by conducting life skills sessions, creative learning activities, and staff capacity-building initiatives. These efforts help create a nurturing environment where children can develop confidence, communication skills, and emotional resilience.

At **Project Dhara**, we witnessed inspiring progress as women participated in vocational training programs, entrepreneurship development sessions, leadership workshops, and counselling support. Every skill learned and every certificate earned represents another step toward financial independence and dignity for women striving to build sustainable livelihoods.

Our production unit, **Label Purnkuti**, continued to grow through new product development, order fulfillment, and partnerships that create meaningful livelihood opportunities. Every bag, pouch, and handcrafted product carries a story of empowerment, sustainability, and social impact.

This month, we also launched a **Second-Line Leadership Development** Initiative to strengthen our team's capabilities, enhance collaboration, and prepare future leaders within the organization. By investing in continuous learning and capacity building, we aim to create a stronger, more capable team that can drive greater impact in the communities we serve.

Behind every milestone lies the dedication of our beneficiaries, team members, volunteers, donors, and supporters who believe in creating lasting change. Together, we are building stronger communities where individuals are empowered with knowledge, skills, and opportunities to lead better lives.

Thank you for being an integral part of this journey. Your trust and support inspire us to continue moving forward with purpose and determination.

With gratitude,
Sneha Bharti

WATERLILY PUBLIC SCHOOL, BIHAR

Waterlilly Public English Medium School offers a CBSE-based curriculum to underprivileged children of rural communities of Patna, Bihar. We aspire to foster the children's personal, social, emotional, and physical growth by providing them with a safe and secure learning ecosystem.

BRUSHSTROKES OF HOPE: PRATIBHA'S JOURNEY

HOW PROJECT DHARA IS HELPING A SINGLE MOTHER BUILD A BEAUTIFUL FUTURE.

From Survival to Self-Reliance: Pratibha's Story

For years, Pratibha Sutar carried the weight of an entire family on her shoulders. As a single mother, she worked tirelessly to support her daughter's education while also caring for her ageing parents. Every day was a struggle to make ends meet, leaving little room for dreams of her own.

Yet, deep inside, Pratibha held onto one aspiration—to build a better future through her passion for beauty and wellness. Financial hardships, however, kept that dream out of reach.

When Pratibha joined **Project Dhara**, she found more than a vocational training program; she found an opportunity to reclaim her confidence and rewrite her future. Through beauty parlor training, she began gaining the skills, knowledge, and belief needed to stand on her own feet.

Today, Pratibha is preparing to open her own beauty salon, lovingly named after her daughter, who remains her greatest source of strength and inspiration. What once seemed impossible is now becoming a reality.

Her journey is a powerful reminder that when a woman is given the right opportunity, she does not just transform her own life—she creates a brighter future for her family and inspires change in her community.
